

Our Perfect Wedding Day at the Slieve Donard Resort and Spa

Kelsie and Sean O'Hanlon who recently got married at the Slieve Donard Resort and Spa share with us their experiences:-

"Coming from the United States, we knew that we wanted a destination wedding to remember and we achieved that thanks to the Slieve Donard Resort and Spa. From the stunning photographs on the beach with the hotel as a backdrop, to the fabulous wedding planners and master of ceremonies, we could not have asked for a more perfect day."

Kelsie added "The food was fabulous - we had delicious cheddar broccoli soup and a Beef Brisket that was to die for. We had cupcakes that matched the décor, and the Booze Brothers played music that kept people dancing until midnight. Sean and I were so impressed with the hospitality of the Slieve Donard, and would recommend it to anyone. As a bride, I was most nervous about how the day would go, but I can say without a doubt that if there was a hiccup or problem, I certainly didn't notice it. My wedding, believe it or not, was stress-free, and that is all thanks to the wonderful planning and hard work of the Slieve Donard."

"My tip for future brides - remember that this is a day of celebration. The flowers, the food, the cake, the decorations, they are all nice. But the important thing to remember is that you will recount how you felt and who was there more than anything. And I can honestly say that I have nothing but wonderful memories because of the Slieve Donard."

Thank you!

Kelsie and Sean O'Hanlon
