# Your Wedding

**Couple's Names:** Natalie and Chris Brennan

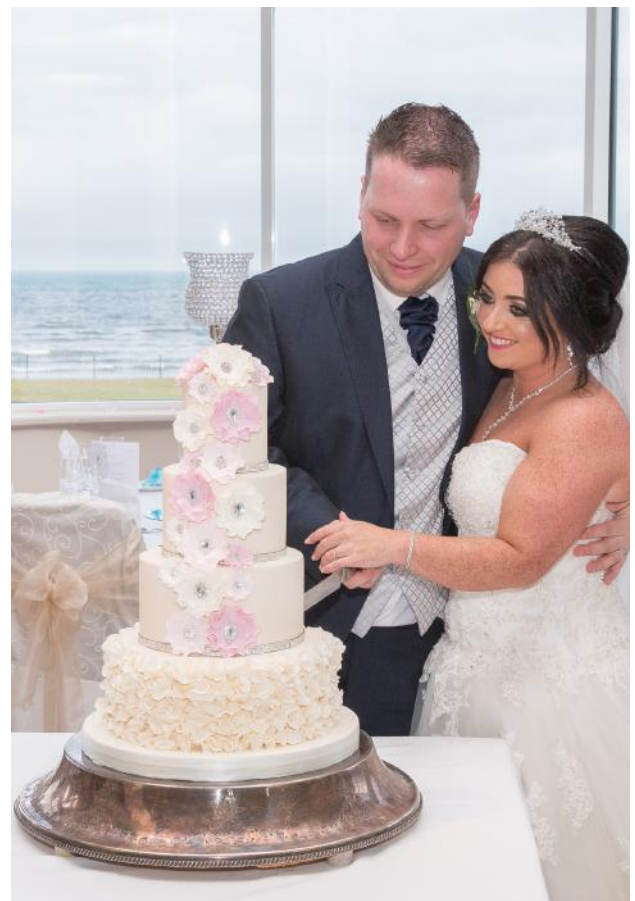

**Venue:** Slieve Donard Resort and Spa

**Wedding Date:** 10th March 2018

Natalie (33) and Chris (35) met on a night out in Belfast in 2012 and after a few drinks and giggles, they bonded over their love for dogs and travelling.

Chris proposed while the couple enjoyed a city break in Prague in October 2015. The unusually warm weather inspired the couple to take a boat trip along the river and while Natalie and Chris waited on Pier 14, Chris got down on one knee and asked the all-important question.

Natalie spent many childhood summers in Newcastle and has a strong local family connection. The beauty of the resort and surrounding area was everything she wanted for her wedding day from a young age

**What most impressed the couple about the venue?**

The location of the Slieve Donard Resort and Spa and its grandeur was one of the deciding factors for Natalie and Chris and this combined with the hospitality of the staff, the attention to detail from John and the team and the reception in the Chandelier Room ensured that the day was unforgettable not just for the couple but for their friends and family who travelled to celebrate the day with them.

**Did Natalie and Chris follow any specific themes or wedding trends?**

As Natalie explained, she wanted the day to have a much sparkle as possible, without being OTT. The couple were able to achieve this with their fairy light backdrop and adding crystal elements to the floral arrangements, cake and place settings which matched those in her dress, veil and tiara.

### What were the highlights of your day?

For Natalie her most treasured moment from the day was seeing Chris for the first time and reciting her vows in front of family and friends. The vows were accompanied by background music and vocals from Lorraine Matthews which Natalie mentioned really added to the atmosphere in the room.

Natalie and Chris reflected on the evening entertainment when the more traditional wedding music transformed to something more akin to a mini-rave with DJ Paul McKenna, and Natalie said seeing her guests strut their stuff on the dance floor was one of the most memorable parts of the day.
